

COFFE

Each cup of coffee has much more than the roasted beans of the coffee fruit. It also has the history, origins and flavours Cape Verdeans.

The plot is composed from a selection of the best coffees from Brazil, Colombia, Honduras, Uganda, Ivory Coast, Cameroon and Cape Verde, meeting rigorous quality standards.

That is why we are leaders in Cape Verde and carried with pride the name of our brand.

We give the best in each package of coffee, grain by grain, to get to bring you the unmistakable "morabeza" Cape Verde.
